Truth regards the Mind reflecting the World.

Inmost Truth regards the reflecting itself.

This is the Loam of Thought (Tht).

Here, the ‘reflecting’ means understanding.

The universal thing to understand are the forms.

Therefore, develop understanding of the forms themselves.

For this, the nearest selected Loam is Mathematics (Mth).

Foundational

CBk: Israel M. Gelfand, Alexander Shen (1993), Algebra; Birkhäuser.
Serge Lang (1971), Basic Mathematics; Springer.

OBk: Openstax (2020), Prealgebra.
Openstax (2021), Algebra and Trigonometry (2nd ed.).

Web: Khan Academy, Mathigon; Sorobon Exam

Intermediary

CBk: Michael Spivak (2008), Calculus (4th ed.); Cambridge University Press.
H. S. M. Coxeter, Samuel L. Greitzer (1967), Geometry Revisited;
American Mathematical Society.

OBk: G. H. Hardy (1908), A Course in Pure Mathematics; Dover Publications.
Euclid of Alexandria (c. 300 BCE), Elements. (tr. Richard Fitzpatrick)

Web: Paul’s Online Notes; SageMath, Geogebra; AoPS Community

Advanced

CBk: A. D. Aleksandrov, A. N. Kolmogorov, M. A. Lavrent'ev (1999),
Mathematics: Its Content, Methods and Meaning; Dover Publications.
I. N. Bronshtein, K. A. Semendyayev, Gerhard Musiol, Heiner Mühlig (2007),
Handbook of Mathematics (5th ed.); Springer.

OBk: Evan Chen (Ongoing), An Infinitely Large Napkin.

Web: MIT OpenCourseware, Oxford Notes; OverLeaf; MathOverflow
